FLUX^{DUO} 862

FLUX^{DUO} MOVING SERENITY

Like a textile landscape, FLUX^{DUO} unfolds its effect: flowing, restrained, atmospheric. The organic surface texture evokes an abstract topography – with fine loops and a subtle interplay of colors. Ideal for dynamic spatial zones where clarity and softness find balance.

PARADOX^{DUO} 885

PARADOX^{DUO} QUIET PRESENCE

PARADOX^{DUO} represents the reduced essence of textile flooring. With its almost monochrome appearance and light, delicately speckled shades, it creates a surface of silent presence. Its calm character is rooted in inner strength: PARADOX^{DUO} is robust, acoustically effective, and design-wise confident. For spaces where reduction becomes the strongest gesture.

NEULAND

BY IPPOLITO FLEITZ GROUP

Noisy world OFF, serenity ON. The renowned design studio Ippolito Fleitz Group has developed a collection for rooms with clarity, naturalness and stylish tranquility that can be planned to suit your needs. This modular system is ideal for a variety of applications and can be easily combined with the positive energy of well-considered sustainability. With its innovative DUO technology, NEULAND redefines what sustainable flooring can be. A solid, dimensionally stable base meets a finely woven textile surface – form and function in perfect balance.

NEULAND is more than a place – it is an attitude that unites serenity and aesthetics with circular design.

HELIX^{DUO} 1341

HELIX^{DUO} SOFT PRECISION

Gentle to the touch, structured in design: HELIX^{DUO} is the plush anchor of the collection. Its cut, exceptionally soft surface invites you to sink in – for moments of calm and comfort. Thanks to its spiral yarn construction, subtle two-tone effects emerge, creating natural depth and elegant liveliness. High sound absorption and impact noise insulation make HELIX^{DUO} ideal for offices, retail or private retreats.

MATRIX^{DUO} 873

MATRIX^{DUO} ORDERED SILENCE

MATRIX^{DUO} brings order to openness. The abstract woven pattern with its subtle grid arises from alternating loop heights and finely tuned color gradients – a calm yet distinctive design. Its dense, compact surface ensures durability in everyday use, while the precise grid lends structure to the space. Perfect for those who seek visual calm combined with architectural clarity.
